The Gaboye of Somaliland
The Historical Process of Emancipation and Marginalisation

The Gaboye of Somaliland. The Historical Process of Emancipation and Marginalisation.

Elia Vitturini, 2023.
Presented by Luca Ciabbarri
and Ettore Morelli.

The book explores the history of a minority group, the Gaboye, in Somaliland, using a historical ethnographic approach to examine how their social boundary has been constructed and transformed across colonial, postcolonial, and contemporary history.
